Standard Slots

Arched Back with Standard Slots

Today, as more individuals with special health needs seek to remain in the comfort of their own homes, we can support them every step of the way with beautifully crafted bathroom support fixtures that merge comfort and style with the highest safety standards in their class.

The Designer tub and shower seats offer aesthetically pleasing accessibility options for the home. Choose from the High Back Straight Top or Arch Top designs, with Bright Dipped Anodized (BD), Powder Coat White (WT) or Powder Coat Bronze (BR) frames. Designer seats are made from durable phenolic material, in a range of sophisticated graphic cutout patterns that are designed to provide a pleasing complement to a variety of bathroom décor styles. Like the rest of the Designer series, the Designer tub & shower seats incorporate all-American craftsmanship and environmentally friendly manufacturing practices, to meet all your safety, style, and comfort needs.
