

■ HOSPITALITY

H & H's signature dedication to personalized service, innovation and quality sets us apart in the industry. We treat each product with careful attention to detail, from concept and design through tooling and production. Our environmentally-friendly philosophy assures that products are made almost wholly from recycled materials. 100% recyclable in finished form and ready for LEED compliance.

THE BEAUTY OF ELEGANT DESIGN.

Our exceptional commitment to classic design and American-made quality carries throughout our beautiful and durable Hospitality series. With the long-lasting strength of 100% stainless steel, this elegant line offers versatility, functionality and our special premium finishes to provide beautiful products that will withstand repetitive use — and meet the highest aesthetic standards for hotels, hospitals and other commercial projects.

One-piece welded construction offers secure weight-bearing support

Contemporary design blends with the most premium design applications

THE STRENGTH OF AMERICAN CRAFTSMANSHIP.

Durability and elegance using #304 solid stainless steel material in a variety of finish options for the best of both form and function
