

H & H's HOME SAFETY CHECK

REDUCE COSTS WITH EVIDENCE-BASED PREVENTATIVE HOME SAFETY SOLUTIONS

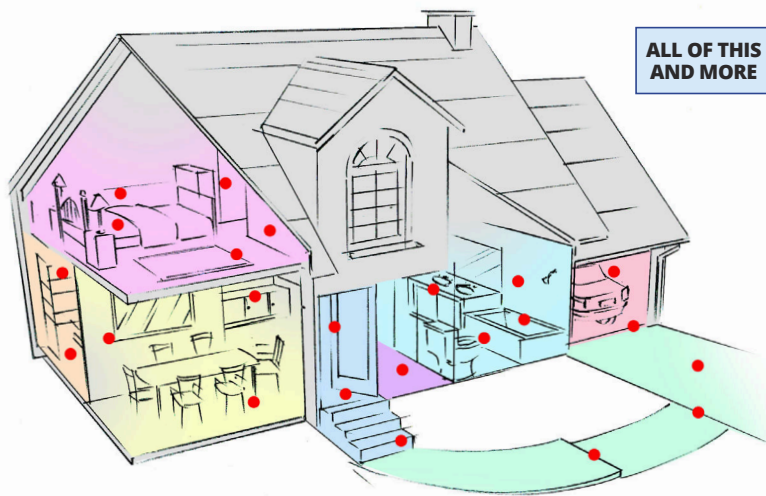

America's First and Only
**150+ POINT
HOME SAFETY
INSPECTION**

Ensuring ones' home is safe and accessible though out a person's life can be challenging. That's why we created the *first-of-its-kind* H & H HOME SAFETY CHECK – an advanced In-Home Safety Assessment created to help keep you and your loved ones safer in your home.

WHO IS THE HOME SAFETY CHECK FOR?

- Those desiring to Age-in-Place or are transitioning to a smaller home
- People transitioning home from a care facility
- Individuals considering transition from home to a care facility
- People recently injured or who have experienced a fall
- People who simply want to live safer in their homes

WHAT THE HOME SAFETY CHECK COVERS

ALL OF THIS
AND MORE

WHAT IS THE HOME SAFETY CHECK ?

THE OVERVIEW

- The Home Safety Check combines ADA building codes, evidence-based fall prevention research and patient mobility standards to create a comprehensive checklist with built-in corrective recommendations

THE INSPECTION

- A 150+ Point Home Safety Inspection of one's entire home and property for safety hazards – curb to fence, floor to ceiling, and everywhere in between

THE REPORT

- Once the inspection is completed, we deliver a comprehensive report with photos, detailed issues/notes, and ADA-complaint recommendations delivered via email

HOME SAFETY CHECK – KEY FEATURES

- Developed over the course of 2 years through evidence-based research from the CDC, ADA and other organizations
- Utilizes ADA standards
- Extra focus on areas of the homes where falls most often occur

DID YOU KNOW?

Our Home Safety Specialists are full-time, background-checked, drug-tested, certified, trained and insured. We own the entire process and do not use contractors.

HOW IT WORKS – HOME SAFETY MADE EASY

1

Following our proprietary Home Safety Checklist, our trained and vetted Home Safety Specialist conducts H & H's **150+ Point Home Safety Check** of a person's home

2

Once the **Home Safety Check** is completed, our Specialist clearly explains all safety issues and recommended solutions to the home owner

3

The **Home Safety Check Report**, including written ADA Compliant recommendations with photographs, is delivered to the client via a download-able link

If H & H's grab bars or other safety hardware are also desired by the home-owner, our Home Safety Specialist can assist with that process at a time convenient for the client.
