

# H & H's HOME SAFETY CHECK

## REDUCE COSTS WITH EVIDENCE-BASED PREVENTATIVE HOME SAFETY SOLUTIONS

America's First and Only  
**150+ POINT  
HOME SAFETY  
INSPECTION**

H & H is helping Insurance Providers protect their bottom line by offering their clients' options to ensure their safety at home. Introducing the *first-of-its-kind* H & H HOME SAFETY CHECK – an evidence-based, advanced In-Home Safety Assessment which creates a new standard of care to help keep patients, and the workers who assist them, safer in their homes.

### WHO IS THE HOME SAFETY CHECK FOR?

- People transitioning home from the hospital
- Those desiring to Age-in-Place without fear of injury
- People recently injured or who have experienced a fall
- People who want to avoid re-injury and re-hospitalization after a hospital stay

**H & H's Home Safety Check can reduce falls and associated costs to insurance companies by up to 60%**

### THE HSC – KEY BENEFITS FOR INSURANCE PROVIDERS

- By incorporating our home safety solutions as part of your client safety protocol, you take an important step towards reducing the risks and costs associated with injuries which occur at home
- Implementing H & H's Home Safety Check solution can reduce costs associated with injury at little or no cost to Insurance company – By covering the service, you guarantee greater participation by your clients and therefore greater cost savings
- All Home Safety Check programs can be customized to the Insurance Company

#### H & H's Home Safety Check Program for Insurance Companies:

- Greatly reduces insurance costs across customer base
- Makes patients safer at home, especially those with pre-existing conditions
- Greatly reduces chance of injury by home environmental hazards – which negatively impact insurance provider costs
- Reduces overall insurance costs for re-hospitalization
- Reduces complications after hospitalization

**DID YOU KNOW?** Our Home Safety Specialists are full-time, background-checked, drug-tested, certified, trained and insured. We own the entire process and do not use contractors.

### WHAT IS THE HOME SAFETY CHECK ?

#### THE OVERVIEW

- The Home Safety Check combines ADA building codes, evidence-based fall prevention research and patient mobility standards to create a comprehensive checklist with built-in corrective recommendations

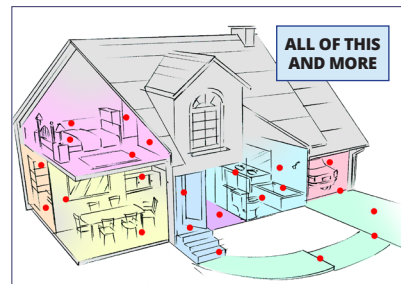

#### THE INSPECTION

- A 150+ Point Home Safety Inspection of one's entire home and property for safety hazards – curb to fence, floor to ceiling, and everywhere in between

#### THE REPORT

- Once the inspection is completed, we deliver a comprehensive report with photos, detailed issues/notes, and ADA-complaint recommendations delivered via email

### WHAT THE HOME SAFETY CHECK COVERS

ALL OF THIS AND MORE

**SAFER HOMES MEANS REDUCED HEALTHCARE COSTS**

### HOME SAFETY CHECK – KEY FEATURES

- Developed over the course of 2 years through evidence-based research from the CDC, ADA and other organizations
- Utilizes ADA standards
- Extra focus on areas of the homes where falls most often occur

H & H's proprietary Home Safety Check is setting the standard for In-Home Safety. Contact us to find out more about how your company and clients can benefit from H & H's Safety Services.
