

H & H's HOME SAFETY CHECK

REDUCE COSTS WITH EVIDENCE-BASED PREVENTATIVE HOME SAFETY SOLUTIONS

America's First and Only
**150+ POINT
HOME SAFETY
INSPECTION**

H & H is helping P.A.C.E. Centers protect their bottom line by offering their clients' opportunities to ensure their safety at home. Introducing the *first-of-its-kind* H & H HOME SAFETY CHECK – an evidence-based, advanced In-Home Safety Assessment which creates a new standard of care to help keep patients, and the workers who assist them, safer in their homes.

WHO IS THE HOME SAFETY CHECK FOR?

- People transitioning home from the hospital
- People recently injured or who have experienced a fall
- Those desiring to Age-in-Place longer without fear of injury
- People who want to avoid re-injury and re-hospitalization after a hospital stay

H & H's Home Safety Check can reduce falls and associated costs to the P.A.C.E Center by up to 60%

THE HOME SAFETY CHECK – KEY BENEFITS FOR P.A.C.E. CENTERS

- By incorporating our home safety solutions into your organization's on-boarding and discharge processes, you take an important step towards reducing the risks and costs associated with injuries which occur at home
- Implementing H & H's Home Safety Check solution can reduce costs associated with injury – up to 60%
- All Home Safety Check programs from H & H can be customized to the specific needs of the participating P.A.C.E. Center

H & H's Home Safety Check Program for P.A.C.E. Centers:

- Reduces overhead while increasing client safety
- Keeps clients safer at home, especially those with pre-existing conditions
- Reduces the chance of initial falls and minimizes complications post injury
- Reduces complications after hospitalization
- Can be easily incorporated into standard client on-boarding and discharge procedures – H & H can customize the process with a company-specific scheduling portal
- Is a One-Time service for each client

DID YOU KNOW? Our Home Safety Specialists are full-time, background-checked, drug-tested, certified, trained and insured. We own the entire process and do not use contractors.

WHAT IS THE HOME SAFETY CHECK ?

THE OVERVIEW

- The Home Safety Check combines ADA building codes, evidence-based fall prevention research and patient mobility standards to create a comprehensive checklist with built-in corrective recommendations

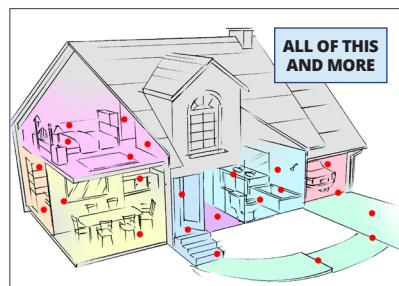

THE INSPECTION

- A 150+ Point Home Safety Inspection of one's entire home and property for safety hazards – curb to fence, floor to ceiling, and everywhere in between

THE REPORT

- Once the inspection is completed, we deliver a comprehensive report with photos, detailed issues/notes, and ADA-complaint recommendations delivered via email

WHAT THE HOME SAFETY CHECK COVERS

SAFER HOMES MEANS REDUCED HEALTHCARE COSTS

HOME SAFETY CHECK – KEY FEATURES

- Developed over the course of 2 years through evidence-based research from the CDC, ADA and other organizations
- Utilizes ADA standards
- Extra focus on areas of the homes where falls most often occur

H & H's proprietary Home Safety Check is setting the standard for In-Home Safety. Contact us to find out more about how your company and clients can benefit from H & H's Safety Services.
